

**“Hire a Teen, Brighten the Future” Youth Job Campaign  
Job Opening Pledge & Donation Form**

Work experience for youth opens career pathway opportunities, engages youth in the local business community, and provides a positive and productive transition into adulthood. There are many ways you can partner with us on this important initiative. Please indicate below how you would be interested in partnering with us and we will follow-up to ensure a successful relationship.

- Yes, I would like to pledge a summer youth job. Please contact me for more information on our staffing needs.
- Yes, I would like to make a donation to the **“Hire a Teen”** Campaign to fund the wages of a youth in a community service summer position. Many employers and small businesses do not have the need or capacity to hire a youth at this time. However, there are still hundreds of youth looking for employment opportunities. A *tax-deductible* donation of \$150 will pay one youth for one week of work in a community service project; however any amount will help support these youth gaining valuable work experience. Please make your *tax-deductible* donation payable to the Attleboro Area School to Career Partnership.
- Yes, I would like more information about working with the Attleboro Area School-to-Career Partnership to meet my year round staffing needs.

If you are not sure how you may want to participate in this important campaign, wait to discuss this with one of our volunteers on April 26<sup>th</sup>, our annual Job-a-thon. On this day, business and community leaders will be volunteering their time to call upon businesses and community members for pledges.
