

It was another Successful Summer

for the Attleboro Area School-to-Career Partnership! We were able to place 27 high school students at various work sites in the community including Sturdy Memorial Hospital, Attleboro Parks and Forestry, Attleboro Arts Museum, and the Hockomock Area YMCA. We also had students working in Attleboro High School's Culinary Program, with the Farm 2 Table Initiative, and with a variety of maintenance projects. That's not to mention our side projects with the Mansfield Community Farm and the Attleboro Land Trust!

Thank you to all of our partners and donors who made this summer one to remember! Bristol County Training Consortium, Bristol County Savings Bank, HarborOne Bank, United Way of Greater Attleboro/Taunton.
