

# SUMMER 2020

**BROUGHT TO YOU BY ATTLEBORO AREA  
SCHOOL-TO-CAREER PARTNERSHIP, INC.**

---

**"A SUMMER LIKE NO OTHER"**

---

## **QUOTES FROM OUR STUDENTS:**

*"My favorite part of this summer was getting to learn the basics of coding using household items I already had at home." -Summer 2020 Tier 1 Advance Manufacturing Participant*

*"Taking the Myers-Briggs Assessment taught me about how I work best with others and how my personality can be used as an asset to my future career." -Summer 2020 Tier 1 Health and Wellness Participant*

*"Getting the opportunity to design a project that was meaningful to me gave me the confidence I really needed to enter the workforce." - Summer 2020 Tier 2 Health and Wellness Participant*

## **SUMMER OF WORK & LEARNING**

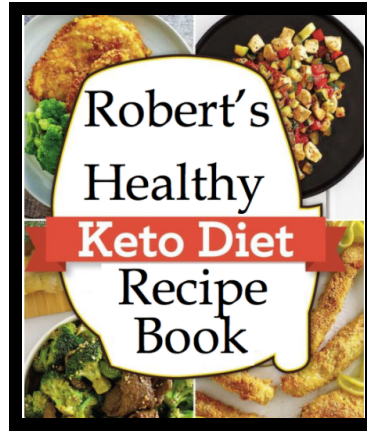

Although this summer was far from traditional, the Attleboro Area School to Career Partnership persevered to facilitate a work and learning program for our youth. This year our Career Specialists had the opportunity to service students from the Fall River area in addition to our five partner high schools - Attleboro, Mansfield, North Attleboro, Norton, and Seekonk. Students were assigned to cohorts based on age. Tier 1 consisted of 14 & 15 year olds, while Tier 2 were youth 16 and older. All programming operated under a remote model. Despite challenges faced with virtual programming, we were able to enhance students' understanding of the workforce through various work-based learning experiences.

The three cohorts, led by Kendel Jester, Amanda Louro and Emily Sandman focused on skills related to Advanced Manufacturing and Health & Wellness. Students designed projects, participated in short challenges, and prepared final presentations which they presented to their supervisor. Students also completed the Signal Success curriculum online, which helps to prepare students with employability skills and future-planning through "self-paced" modules. Additionally, youth had the opportunity to explore various careers of interest during weekly Lunch and Learns, where experts discussed their profession and fielded questions from the students.

We would like to send extreme gratitudes to Nichole and Ryan from Attleboro Enterprises for hosting interactive informational workshops and to all of our guest speakers who joined us for Lunch and Learns. We could not have had the successful summer we did without you and the students are beyond grateful! To our students and families, thank you for working with us through this unique experience. Your effort did not go unnoticed. All of us at the Partnership are beyond proud of your hard work and growth that was accomplished this summer. You should be very proud! We hope that you have a wonderful, and safe, school year. Please do not hesitate to reach out to us if we can be of any assistance.
